

Simple Spaceship Engine Effects

Thank you for buying this model pack.

To use the models, simply drag the prefabs, located in the "Prefabs" folder into your scene.

Customization

This pack contains a 6 simple spaceship effects with 5 different texture sets. The color of the white texture set can be changed with the tint color of the additive shader.

Attention: The intended use is for isometric RTS games or any scenario where the camera doesn't come close to the spaceship. They may also be useful for mobile games or if you don't want to use a particle system for the engine effect

Rescaling

The effects can be easily rescaled with the transform scale.

Contact Information
